

# 1700166

## CMS Accessory Shelf

The CMS large accessory shelf is made of steel, making it ideal for mounting AV equipment to poles, columns or directly to a wall. Suitable for use with the 1700165 CMS Trolley V2. Includes a split collar design which enables the shelf to be installed onto a trolley even after a screen has been mounted.

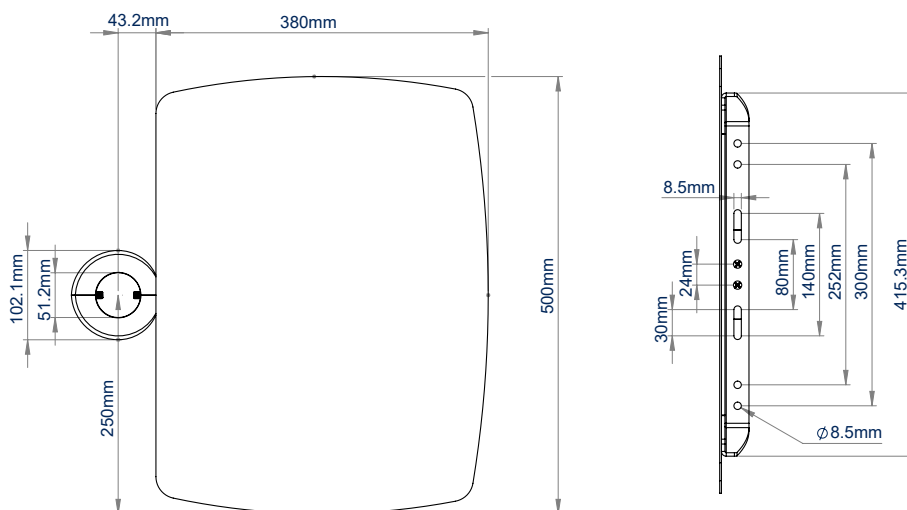

- Can be directly mounted to a 50mm diameter pole or column using the accessory collar included.
- Split collar design for mounting after a screen has been mounted.
- Simple Installation
