# SMARTPEN²

Real Ink. Real Paper. Real Simple.

equil®

Equil Note

Capture, edit, and share handwritten notes on Android, iOS, Mac and Windows devices. Use different pen tips, colors, and text-editing tools to enhance content and add searchable tags. Organize your notes into collections, save to and sync with your favorite cloud services.

Equil Sketch

Get creative and capture your vision digitally without losing the pen-to-paper element of the drawing process. Choose from 10 different brush tips and use the pressure sensitive pen to blend and shade your sketch. Work in layers and export to Photoshop.

Save, share and organize all your notes and sketches using real ink and real paper

➯ Take your pen wherever you go in the portable and convenient charging case.

➯ Diagram ideas in a way that works for you and bring content to life with over 600 levels of pen sensitivity.

➯ Send handwritten notes to your smartphone, tablet or computer and stream in real time.

➯ Save and store thousands of notes and transfer them to Equil Note or Equil Sketch when ready.

➯ Connect via Bluetooth at a rate of 80 transmissions per second.

➯ Edit and organize high resolution notes and sketches, tag for easy searching and enhance with additional media including photos, maps and audio.

➯ Convert handwritten notes to text in the Equil Note App and e-mail or send to other applications.

➯ Share everything you create with your broader network via social media e-mail or save and sync to iCloud, Dropbox and Evernote.
